CITY OF SACRAMENTO

DEPARTMENT OF PUBLIC WORKS

ENGINEERING DIVISION

CITY MANAGER'S OFFICE
RECEIVED
DEC 3 1985
THOMAS M. FINLEY
Engineering Division Manager

November 22, 1985

APPROVED
BY THE CITY COUNCIL

City Council
Sacramento, California

DEC 10 1985

Honorable Members In Session:

OFFICE OF THE
CITY CLERK

SUBJECT: Steel Water Main Replacement in Freeport Manor Area (CC: 1600) -
Rejection of Bids

SUMMARY

This project has been advertised for bids. Bids have been received and rejection of all bids is recommended.

BACKGROUND

On October 15, 1985, the City Council approved plans and specifications for this project and bids were received and opened by the City Clerk in the Council Chambers on November 5, 1985. Bids received are as follows:

William Morris Construction	\$285,417.00
Kit R. Larsen	\$292,630.00
Hard Rock Construction, Inc.	\$311,076.25
Dorfman Construction Co., Inc.	\$338,942.00
L.J. Duarte, Inc.	\$348,510.00
Antovich Construction	\$435,120.00

The engineer's estimated construction cost was \$189,000. Since the low bid of William Morris Construction was 51% above the engineer's estimate, it is believed to be in the best interest of the City to reject all bids and readvertise the project for bids at a later date after modification of the specification.
