M. H. JOHNSON
ASSISTANT CITY ENGINEER

June 13, 1983

City Council
Sacramento, California

APPROVED
BY THE CITY COUNCIL

JUN 21 1983

Honorable Members in Session:

OFFICE OF THE
CITY CLERK

SUBJECT: Approval of Plans and Specifications for Resurfacing of City Streets

SUMMARY:

The City Engineer's office has prepared plans and specifications for the subject project. Copy of said plans and specifications has been forwarded to the City Clerk and approval is recommended.

BACKGROUND:

The subject project is a continuing effort to upgrade and maintain the surface of the City streets. The streets to be resurfaced in FY 1983/84 are as follows:

1. Power Inn Road - 70' north of 33rd Avenue
2. Sutterville Road - Freeport Blvd. to 30th St (excluding bridge section)
3. Jansen Drive - Stockton Blvd. to 65th St. Expressway
4. 47th Avenue - South Land Park Drive to 14th Street
5. Lawrence Drive - Fruitridge Road to Stockton Boulevard
6. Greenhaven Drive - North curb of Gloria Drive to south curb of Havenhurst Drive (north)
7. Vandenburg Drive - West curb Standish Road to Toronto Street
8. Commerce Circle - 185 Commerce Circle east to 298 Commerce Circle (Loop passes Slobe Avenue)
9. Slobe Avenue - Commerce Circle to 450'+ on Slobe Avenue

FINANCIAL:

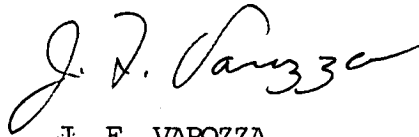

The subject project is listed in the FY 1983/84 Capital Improvement Program with the requested appropriation of \$457,000.00 from Gas Tax funds. Staff proposes that the project be advertised for bids at this time to take advantage of the favorable bidding

climate so that the project may be completed before the onset of the rainy season. The engineer's estimated construction cost is \$456,498.00.

RECOMMENDATION:

The City Engineer recommends that the plans and specifications be approved and that bids be received on July 12, 1983.

Respectfully submitted,

J. F. VAROZZA
City Engineer

Recommendation Approved:

Walter J. Slipe, City Manager
