**RECEIVED**  
DEC 29 1980

R. H. PARKER  
CITY ENGINEER  
J. F. VAROZZA  
ASSISTANT CITY ENGINEER

December 26, 1980

City Council  
Sacramento, California

Honorable Members in Session:

SUBJECT: FAU Priority List

SUMMARY:

Attached herewith for your approval is a copy of the FAU priority list developed and recommended by the Sacramento Urban Systems Technical Advisory Committee.

BACKGROUND:

On June 13, 1974, the City Council approved the original priority list of 17 projects. This list was subsequently amended and extended in later years, the last revision occurring in May of 1979. The old priority list included those projects shown on the attached list from priority 1 through 30. The new projects include priority 31 through 35. The attached list also gives the current status of each project and the Council will notice that most of the earlier projects are either completed or plans and specifications are under preparation for bidding within the next year or two.

The City Council in December of 1977 approved a revised policy for citizen participation in the make-up of the FAU priority list. This policy was followed in the preparation of the list that is before the City Council. A public meeting was held on December 12, 1980 at which the projects were discussed and explained. Attached hereto is a list of the organizations and persons who were sent copies of the proposed priority list and who were invited to send representatives to the December 12, 1980 meeting. In conformance with that policy all persons on the same list were informed that the FAU priority list would be considered by the City on this date.

The City sponsored project is outlined below:

Priority No. 32 - Fruitridge Road - (Power Inn to C.C.T. Co. R.R. ) Full Street Improvements, Left Turn Lane and Bike Lanes - Signal Modifications.

**APPROVED**  
BY THE CITY COUNCIL

JAN 6 1981

OFFICE OF THE  
CITY CLERK

FINANCIAL:

The Federal Aid Urban Program requires participation by the City of 14% City share of the total cost to 86% Federal share.

Priority No. 32 - Fruitridge Road (Power Inn to C.C.T. Co. R.R.)

The five-year Capital Improvement Program contains a proposal to budget \$40,000 for plan preparation from the Major Street Construction Tax fund in 1981/82 and additional funds thereafter. The staff would propose to budget plan preparation money in 1981/82 from the Major Street Construction Tax Fund and budget our 14% matching share in future years.

RECOMMENDATION:

It is recommended that the attached list of priority projects of the FAU System be approved by the City Council.

Respectfully submitted,

R. H. PARKER  
City Engineer

Recommendation Approved:

Walter J. Slive, City Manager
