SUMMARY

This report recommends that the City Council approve an agreement to place nine terminals, owned by El Dorado Teleguide, at four separate City-owned locations.

BACKGROUND

Recently, the City staff evaluated a request by El Dorado Teleguide for the placement of terminals at selected City-owned facilities. This evaluation included a review of Teleguide's proposed license agreement for the placement of those terminals.

The original request by Teleguide was for placement of fifteen terminals at eight separate City-owned facilities. Our evaluation indicates that we can accommodate Teleguide's request at four City-owned locations, including nine terminals as follows:

<u>Location</u>	<u>Terminals</u>
Community/Convention Center	6
Central Library	1
Coledge Branch Library	1
City Hall	1
Total	<u>9</u>

The attached license agreement has been revised by the Law Department to comply with the standard City format and to meet specific terms requested by user departments.

FINANCIAL DATA:

All expenses for installation and maintenance of the terminals are the responsibility of El Dorado Teleguide. The City contribution to this service is for the nominal cost of the electricity utilized by these solid state microcomputers.

RECOMMENDATION:

It is recommended that the City Council, by resolution, authorize the City Manager to execute a license agreement with El Dorado Teleguide for the placement and maintenance of nine video terminals at four separate City-owned locations.

Respectfully submitted,
