Honorable Members in Session:
Re: Emergency Replacement of Wrecked Refuse Packer
SUMMARY

This report recommends a \$77,580 increase in the FY 1985-86 Budget of the Fleet Management Division for the replacement of Equipment No. 5143, a 20 cubic yard garbage packer wrecked July 8, 1985.

BACKGROUND

On July 8, 1985, Equipment No. 5143 was totaled in a single vehicle accident. On July 16, 1985 Council authorized the purchase of a new truck based on a bid awarded June 25, 1985. The using department has requested that the replacement truck be upgraded to a three axle 25 cubic yard unit to increase productivity. 25 cubic yard garbage trucks were included on Bid No. 811, awarded June 25, 1985. The 25 cubic yard garbage truck can be added to this purchase order.

FINANCIAL DATA

Funds received from insurance settlements must be treated as revenue to the Fleet Management Contingency Fund. Insurance funds totaling \$31,000 will be received to the fund. Sufficient funds to cover the total cost of this requirement are available in the Fleet Management Contingency Fund.
