Honorable Members in Session:

**SUBJECT: INITIATING PROCEEDINGS FOR FY 1992/93 ANNUAL REPORT OF THE
LAGUNA CREEK MAINTENANCE DISTRICT (PN:2851)**

LOCATION AND COUNCIL DISTRICT

The Laguna Creek Maintenance District is located north of Sheldon Road between Franklin Boulevard and Bruceville Road in Council District No. 8. (please see attached map).

SUMMARY

It is requested that City Council adopt the attached resolutions to initiate proceedings for the Annual Report and to set a hearing date.

COMMITTEE ACTION

None.

STAFF RECOMMENDATION

It is recommended that the City Council consider the following items:

1. Resolution directing filing of the Annual Report for FY 92/93.
2. Resolution of Intention to order improvements for FY 92/93.

BACKGROUND INFORMATION

On April 16, 1991, City Council approved formation of the Laguna Creek Maintenance District. The district provides funding for environmental monitoring and maintenance activities associated with the Laguna Creek Wetlands Mitigation program. The monitoring and maintenance work is being performed in accordance with Section 404 Permit (No. 9570) issued by the U.S. Army Corps of Engineers to the City of Sacramento in November of 1987.

Monitoring and Maintenance Program

The Laguna Creek Wetlands Maintenance Area is located between Sheldon Road, Bruceville Road, and Franklin Boulevard. This area includes the primary creek channel and adjacent wetlands, wetland preserves to the south of the floodway, and adjacent turf areas. The maintenance area also includes channel improvements and wetlands located west of Franklin Boulevard, which were constructed as part of the Laguna Creek Floodway project. (please see attached map). In brief, the work that is funded by the maintenance districts includes:

- Monitoring, maintenance, repair of vernal pools and other designated wetland areas, and preparation of Annual Report to Army Corps of Engineers.
- Maintenance and repair of irrigation systems.
- Maintenance and operation of planting basins including fertilization, pruning, staking, turf and grassland mowing, disking fire breaks, litter control, and patrolling.
- Maintenance of bikeways and landscaping adjacent to the wetlands area.
- Unscheduled maintenance such as repair of damage due to vandalism, flood or fire and temporary irrigation of vernal pools not wetted by natural events.

The Hearing for the Annual Report has been set for June 30, 1992.

FINANCIAL CONSIDERATIONS

The total cost for the 1992/93 fiscal year is projected at \$151,888. This represents a 34% reduction from the \$231,650 budgeted for fiscal year 1991/92. The following is a breakdown of the costs:

	<u>FY 91/92</u>	<u>Proposed FY 92/93</u>
Monitoring Program	\$76,830	\$67,400
Maintenance Contracts	65,360	59,400
Unscheduled Maintenance	18,400	6,608
Administration	53,740	17,344
Sub-total	214,330	150,752
Billing & Administration	17,320	1,136
Total Budget	<u>\$231,650</u>	<u>\$151,888</u>
Expenditures	\$231,650	
Surplus Deficit	<u>Ø</u>	

Maintenance costs will be assessed to both developed and undeveloped properties within the district. At present there are 1,772 individual ownership parcels within the district. This figure is expected to grow in the coming years as additional properties are subdivided and developed. The following table summarizes how the maintenance costs are apportioned to the various land use categories.

	Annual Maintenance Assessment	
	FY 91/92	FY 92/93
Single-Family Residential (per unit)	\$81.73	\$51.10
Developed Multi-Family and Condos (per unit)	58.78	34.96
Undeveloped Multi-Family (per acre)	731.73	514.67
Non-Residential (Land Area)		
0-25,000 Square Feet (per parcel)	\$113.09	\$72.47
25,000-100,000 Square Feet (per parcel)	525.12	362.54
Over 100,000 Square Feet (per parcel)	1,082.10	754.17
Churches (per parcel)	39.52	21.41

POLICY CONSIDERATIONS

These proceedings for the Annual Report are being held pursuant to Chapter 81 of the City Code. This chapter of the Code was specifically developed and adopted as an enabling ordinance for the subject maintenance district. No new policy decisions are required for this item.

MBE/WBE

Not applicable as related this item.

Respectfully submitted,

GARY ALM
Supervising Engineer

ADOPTED BY THE SACRAMENTO CITY COUNCIL

ON DATE OF _____

RESOLUTION OF INTENTION TO ORDER IMPROVEMENTS FOR FY 1992/93

LAGUNA CREEK MAINTENANCE DISTRICT

APPROVED
BY THE CITY COUNCIL
JUN 09 1992
OFFICE OF THE
CITY CLERK

1. The City Council intends to levy and collect assessments within the Laguna Creek Maintenance District during fiscal year 1992/93. The area of land to be assessed is located in the City of Sacramento, Sacramento County.
2. The maintenance of improvements to be made in this assessment district are generally described as follows:

The maintenance activity, with respect to the improvements to be maintained, includes, but is not limited to: scheduled horticultural maintenance and cleanup of landscape areas; monitoring, maintenance, and repair of vernal pools and other wetland areas; repairs or additions or reconfigurations of irrigation systems; replacement of plants or other materials damaged by the elements, vandalism, or otherwise; maintaining planting basins; operation of any system contained within the improvements; irrigation activity; fertilization; pruning; staking; turf mowing/maintenance; grassland mowing; disking fire breaks and litter control; patrolling; bike trail repairs and maintenance; keeping of records as required or convenient; any and all work or materials required to satisfy conditions of the "Section 404 Permit" covering the improvements; plant replacement; turf and grassland reseeding; insect, weed, and rodent control; erosion control; channel repairs; removal, hauling, and dumping of debris; maintenance and repair of floodway improvements and areas adjacent to the floodway right-of-way; vernal pool renovation; repair to damage of any sort to any of the improvements or collateral facilities; and any other work required to properly operate, maintain, repair, or replace the improvements of the Laguna Creek Floodway.

3. In accordance with this Council's resolution directing the filing of any Annual Report, the Engineer of Work has filed with the City Clerk the report required by Chapter 81, Sacramento City Code. All interested persons are referred to that report for a full and detailed description of the improvements, the boundaries of the assessment district, and the proposed assessments upon assessable lots and parcels of land within the assessment district.

FOR CITY CLERK USE ONLY

RESOLUTION NO.: _____

DATE ADOPTED: _____

4. On Tuesday, the 30th day of June, 1992, at the hour of 7:30 p.m., the City Council will conduct a public hearing on the question of the levy of the proposed annual assessment. The hearing will be held at the meeting place of the City Council located in the City Hall, 915 I Street, Sacramento, California.
5. The City Clerk is authorized and directed to give the notice of hearing required by Chapter 81 of the Sacramento City Code.

ENGINEER'S REPORT
FY 1992/1993
LAGUNA CREEK MAINTENANCE DISTRICT

JOHN E. MEDINA, Engineer of Work for Laguna Creek Maintenance District, City of Sacramento, County of Sacramento, State of California, makes this report, as directed by the City Council, pursuant to Chapter 81 of the Sacramento City Code.

The improvement maintenance work which is the subject of this report (hereinafter referred to as the "work") is briefly described as follows:

The work described herein is to be carried out in the Laguna Creek Floodway corridor and North Fork Floodway corridor within the City limits between Sheldon Road, Bruceville Road and Franklin Boulevard. This includes the creek channel and adjacent lands, the bike trail, wetland preserves to the south of the floodway within City lands and adjacent turf areas. Also included in this work are the County lands, west of Franklin Boulevard which were constructed as a part of the Laguna Creek Floodway.

The work to be performed consists of scheduled general horticultural maintenance and cleanup of landscape areas; monitoring, maintenance and repair of vernal pools and other wetland areas; repairs to irrigation as directed by the City; and replacement of plant materials damaged by vandalism or other means. The work includes, but is not limited to, the maintenance and operation of planting basins, irrigation systems, fertilization, pruning and staking, turf mowing and maintenance, grassland mowing, disking fire breaks, litter control, patrolling, bike trails and the keeping of Contractor's records. Requirements vary by location depending upon the landscaping present. All work described in the Specifications for Laguna Creek Floodway Maintenance and deemed necessary to satisfy the conditions of the Corps of Engineers 404 Permit, as well as any other work required to properly operate, maintain, repair or replace the Laguna Creek Floodway, is also included.

Certain types of unscheduled maintenance are also to be performed, but only when specifically approved by the City of Sacramento Public Works Department. These tasks include plant replacement, turf and grassland seeding, insect, weed and rodent control, erosion control, channel repairs, hauling and dumping debris, maintaining floodway improvements, maintaining areas adjacent to the floodway right-of-way, vernal pool renovation, and repair of damage due to vandalism, flood, or fire. Occasionally, a temporary ditch pump will be needed to inundate vernal pools which are not wetted by natural events.

All costs associated with the formation and administration of the District are also included.

Funds raised for maintaining and operating the above described improvements shall be based on annual benefit assessment apportioned to land benefitting from the work and within the boundaries of the Maintenance District. The Council sets the assessment each year after receiving and reviewing an Engineer's Report and holding a public hearing.

This report includes the following attached exhibits:

EXHIBIT A - An estimate of the cost of the work.

EXHIBIT B - Laguna Creek Floodway Illustrative Map.

EXHIBIT C - A statement of the method by which the undersigned determined the amount proposed to be assessed against each parcel, based on benefits to be derived by each parcel, respectively, from the work.

EXHIBIT D - An assessment roll showing the amount proposed to be specially assessed against each parcel of real property within this maintenance district. Each parcel is described by County Assessor's parcel number, and each parcel is also assigned a separate "assessment number" for the purposes of this proceeding.

EXHIBIT E - A list of the names and addresses of the owners of real property within this maintenance district, as shown on the last equalized assessment roll for taxes, or as known to the Clerk. The list is keyed to Exhibit D by assessment number.

EXHIBIT F - A diagram showing all of the parcels of real property within this maintenance district. The diagram is keyed to Exhibit D by assessment number.

Respectfully submitted,
JOHN E. MEDINA, Director of Public Works
City of Sacramento, Sacramento County
State of California

EXHIBIT C

METHOD OF SPREADING ASSESSMENTS

The following section describes the proposed method of assessing the costs for the Laguna Creek Maintenance District to each parcel in the District in relation to the amount of benefit received. Costs for this District are assessed to each parcel within the District boundary except for those parcels owned by public agencies or dedicated for public use.

All of the land that was determined to benefit from the improvements funded by the Laguna Creek Assessment District (established in 1988) will also benefit from the operation and maintenance work of this Maintenance District.

Cost for maintenance are assessed to each benefitted parcel in proportion to its residents or employees to the total number of residents (for single family and multifamily residences) and employees (for non-residential parcels) which benefit from the Maintenance District. Each employee is determined to have 40 percent of the benefit of a resident. Each single family residential unit was determined to have an average of 2.673 persons per unit and each multifamily residential unit was determined to have an average of 1.818 persons per unit (Referenced 1980 census). The number of residential units for each single family residential parcel within the Maintenance District boundary is based on existing final and tentative maps. Developed multifamily parcels are assessed assuming 15 units per acre. The number of employees in each non-residential parcel was calculated by multiplying an average of 33.47 employees per acre by an average parcel size. The average parcel sizes were calculated to be 12,500 sq. ft. for the 0-25,000 sq. ft. size category, 62,500 sq. ft. for the 25,001-100,000 sq. ft. size category, and 130,000 sq. ft. for the greater than 100,000 sq. ft. size category. Based on operation use factors, churches were determined to have two-sevenths of the benefiting employees of a 0-25,000 sq. ft. non-residential parcel.

Costs for billing and administration for the District are assessed to each benefitted parcel equally, as each parcel is considered to receive the same benefit from this work regardless of land use or parcel size. The amount assessed to each parcel was determined by dividing the cost of billing and administration by the total number of parcels within the District boundary, excluding those parcels owned by public agencies or dedicated for public use. The number of parcels in the District was determined from the following table. The first eighteen lines of the table refer to fully recorded subdivisions; therefore, the number of lots shown for those subdivisions equals the number of the recorded parcels in those subdivisions. The remaining lines each correspond to one recorded parcel. The total number of parcels in the District is 1,772.

The following table shows the number of residential units and non-residential acres contained in each subdivision or parcel. As mentioned above, the first eighteen lines of the table refer to recorded subdivisions. The assessments for these subdivisions are spread equally to each recorded single family lot in the subdivision. The rest of the lines refer to individual parcels which are given by assessment number in the far left column. Some of these parcels have tentative subdivision maps, as shown, from which lot counts were made for assessment purposes. In those cases where several parcels are included under one tentative subdivision map heading and several lot counts are given, each lot count refers to one of the assessed parcels, in respective order.
