Members in Session:

SUBJECT: 3024-3026 'G' Street, Addition to the Official Register

### BACKGROUND INFORMATION:

On June 16, 1982, the Board reviewed the owner initiated request to consider 3024-3026 'G' Street for inclusion on the Official Register as a Priority Structure. The Board found that for reasons of architectural significance the building was eligible for Priority status. The Board adopted a proposal to recommend to Council the designation of Priority Structure for this building.

### PROJECT INFORMATION:

The Board is asked to receive and review testimony supporting or opposing the listing of 3024-3026 'G' Street before adopting, modifying or rejecting the designation.

The Board's recommendation will be transmitted to Council for further public hearing and consideration. Final adoption by Council will be made by uncodified ordinance.

### STAFF RECOMMENDATION:

Staff recommends that the Board adopt as a recommendation to Council the designation of Priority Structure for 3024-3026 'G' Street. This recommendation is based on the Following Findings of Fact:

1. The information and evaluation contained in the Historic Resources Inventory is found to be substantially true and correct;
2. Based upon the foregoing, the structure has significant historic and architectural value of sufficient importance to warrant designation as a Priority Structure and which satisfies the criteria contained in and established pursuant to Sacramento City Code 32.101, 32.401 and 32.407.
3. For the reasons set forth in Ordinance No. 3469, Fourth Series, in adopting the Preservation Ordinance, recognition of the historic and architectural significance of the structure through designation on the Official Register is in the public interest.

4. No application is pending for any of the permits set forth in Section 32.601.
5. The benefits which will result from recognition of the structure's historic and architectural worth through designation outweigh the detriments.
6. The public interest will be served by recognition of the historic and architectural significance of the structure through designation.
7. The provisions of Section 32.401 through 32.407.

Respectfully submitted,
