Honorable Members in Session:

SUBJECT: Approval of Plans and Specifications for Water Meter Retrofit
Installations (Commercial Accounts Only)

SUMMARY

The Division of Water & Sewers has prepared plans and specifications for the subject project. Approval and call for bids is requested.

BACKGROUND

There are many commercial establishments that are still being served on a flat fee basis. Certain of these establishments also require backflow prevention devices. The Division proposes to install meters with backflow prevention devices on ten commercial services which are the most critical.

FINANCIAL DATA

This project was budgeted in the 1977-78 FY Water Distribution Capital Improvements. Estimated cost of construction is \$13,000:00.

RECOMMENDATION

It is recommended that the plans and specifications be approved and that bids be received on July 22, 1980.

Respectfully submitted,

Harry G. Behrens
