SUBJECT: Contract agreement with Sacramento Transit Development Agency (STDA) for Construction of Capital Improvements on 12th Street in the Alkali Flat Redevelopment Project Area

SUMMARY

The Attached resolution authorizes the Executive Director to execute the Contract with STDA allocating funds for construction and inspection services connected with 12th Street Capital Improvements in the Alkali Flat Redevelopment Project Area.

BACKGROUND

On September 20, 1982, the Sacramento Housing and Redevelopment Commission authorized (Resolution 82-043) a \$20,000 contract with the Sacramento Transit Development Agency for design of the 12th Street Capital Improvements. On December 19, 1983, the Commission approved (Resolution 83-079) preliminary plans for the 12th Street Capital Improvements and authorized Sacramento Transit Development Agency (STDA) to proceed with final plans. Work on the final plans is nearing completion. The Agency staff and STDA have prepared a contract allocating funds for project construction and contract administration. Subject to Agency action, the STDA Board of Directors will approve the attached contract and construction documents on May 16, and authorize STDA staff to advertise for construction bids. The 12th Street improvements will be bid as a small part of the large light rail construction bid package. Bid of the construction job is planned for July, 1984, with construction to begin by September, 1984, and to be completed by September, 1985. The contract provides for capital construction costs on 12th Street not to exceed \$248,585; contract administration fees not to exceed \$24,800, for a total contract amount of \$273,385. The attached resolution authorizes the Executive Director to execute a contract allocating funds for construction and contract administration on 12th Street with STDA. The contract allocates funds previously set aside from the CDBG Program.

FINANCIAL DATA

Funds to support the 12th Street Capital Improvements come from Community Development Block Grant (CDBG) funds. A total of \$337,508 in CDBG funds was allocated to the project between 1979 and 1984. Of this amount, \$20,000 supported STDA's design costs. The \$317,508 balance is available to support construction and contract administration costs. STDA's construction and contract administration costs are estimated at \$273,384. The balance available from the CDBG program will be held in reserve to support the cost of change orders which may be necessary. If the balance available is not utilized, these funds will be reallocated to the CDBG contingency fund.

Dear Chair and Members:

On May 7, 1984 the Sacramento Housing and Redevelopment Commission considered the Agreement between the Agency and the Sacramento Transit Development Agency for construction of the 12th Street capital improvements in the Alkali Flat Project Area. While the Commissioners recommended approval of the Agreement, they also adopted a motion supporting the retention of on-street parking on the west side of 12th Street and enforcement of a tow-away zone during the morning commute.

Thank you for the opportunity to bring this action to your attention.

Sincerely,

William H. Edgar
