January 31, 1984

Sacramento City Council
915 I Street
Sacramento, CA 95814

Honorable Members in Session:

I, am an individual with a deep interest in the affairs of our community. To that end I make it a practice to regularly attend each and every council session.

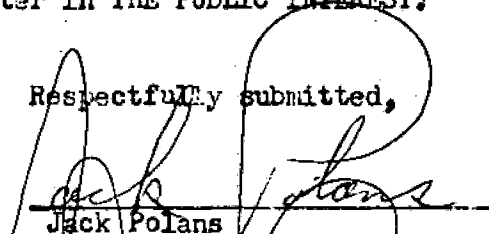

I have, on occasion, written articles for local public newspapers and publications which relate to topics of discussions at City Council meetings and/or derived from experiences obtained thereat.

I have been advised, that the press table is a table open only to members of the immediate press, in particular, the Sacramento Bee and the Sacramento Union. I respectfully request that I might be permitted to sit at the press table.

This REQUEST is based upon the grounds that I have and continue to write articles relating to the discussions of the City Council. Such tables are equipped with aids to assist in recording council meetings, with the proximity near the council so as to improve the ability of a reporter to record the happenings of each meeting. I feel, that I should not be deprived from access to the press table and make an APPEAL to you to grant me the opportunity to be seated thereat.

I have heretofore, through inadvertance, seated myself at places not approved by the City Council Members. It has been brought to my attention that certain areas are closed, and I believe that your acquiescence in permitting me to sit at the press table would resolve & enable me to accomplish my work more efficiently as a writer in THE PUBLIC INTEREST.

Respectfully submitted,

Jack Polans
Writer, Public Interest
