Honorable Members In Session:

SUBJECT: Revocable Encroachment Permit For A Monitoring Well on 7th Street between J Street and K Street

SUMMARY

Southern Pacific Transportation Company has applied for a Revocable Encroachment Permit for the purpose of drilling one ground water monitoring well, in the public right-of-way.

The applicant is requesting the permit for a monitoring well so as to be in compliance with the Sacramento City Code, Chapter 16, Section 16.040. This Section requires wells to be in place prior to the issuance of an operating permit for the subject facility.

The Director of Public Works recommends that the Permit be granted.

BACKGROUND

The encroachment permits one ground water monitoring well to be placed in the area of 7th Street between J Street and K Street. The purpose of the monitoring well is to sample ground water in order to detect any unauthorized releases of hazardous substances. Monitoring will satisfy conditions stated in the Sacramento City Code, Chapter 16, Section 16.040. This Section requires that monitoring systems for existing underground storage tanks or facilities installed on or before January 1, 1985, be in place prior to the issuance of an operating permit by the Fire Department. Chapter 16 provides for the keeping of monitoring records by the operator. This Chapter also specifies reporting requirements, to the permitting authority, should an unauthorized release occur.

The proposed encroachment permit allows one well to be drilled in the public right-of-way, and does not address wells drilled on private property.

FINANCIAL DATA

None.

POLICY CONSIDERATIONS

Sacramento City Code, Chapter 12, Section 12.70 states that Council may by resolution grant permits revocable at its will for minor or temporary purposes or privileges on public property subject to such terms and conditions as it deems necessary for the public interest. The use of the property by the permittee shall constitute his acceptance and agreement to be bound by the terms and conditions of the permit. Issuance of this permit is consistent with this policy.

MBE/WBE EFFORTS

None.

RECOMMENDATION

The Director of Public Works recommends that the attached resolution be approved granting a Revocable Encroachment Permit to Southern Pacific Transportation Company in the area and for the purpose outlined above.

Respectfully submitted,

TERENCE W. MOORE
Supervising Engineer
