APPROVED
BY THE CITY COUNCIL
JUL 10 1985
OFFICE OF THE
CITY CLERK

Honorable Members In Session:

SUBJECT: 10th - 11th Avenue Sewer Restoration (CC 9722) -
Approval of Plans and Specifications and Authorization
to Advertise for Bids

SUMMARY

Plans and specifications for this project have been prepared. Approval of the plans and specifications and authorization to advertise for bids is recommended.

BACKGROUND

The sewer line which runs between 10th and 11th Avenues from Land Park Drive to 17th Street is in danger of collapsing. This project will insert a slip liner in the existing sewer line located along the back property lines of the residences. In addition, a new sewer line will be constructed from Land Park Drive to 17th Street along 10th Avenue.

FINANCIAL

The City Council has approved \$150,000 in the Public Works budget from the Sewer Funds for this project. The total amount currently available is \$132,000. The engineer's estimated construction cost is \$150,000. It is proposed that \$55,000 be appropriated from the Miscellaneous Sewer Improvements Project (C.C. 1529) to cover the construction and other associated costs for the project. However, the final budgetary recommendation will be made following receipt of bids.

RECOMMENDATION

It is recommended that the plans and specifications be approved and the City Clerk be authorized to advertise for bids to be received on August 6, 1985.

Respectfully submitted,

THOMAS M. FINLEY
Engineering Division Manager
