Honorable Members In Session:

SUBJECT: Franklin Boulevard at 12th Avenue NE Corner (C.C. 9741) - Appropriation of Funds and Advertisement for Bids

### SUMMARY

Plans and specifications for this project have been prepared. Approval of the plans and specifications and authorization to advertise for bids is recommended.

### BACKGROUND

The project will provide a transition lane for reduction from two lanes to one lane northbound on Franklin Boulevard and will also provide other frontage improvements and traffic signal modifications. A portion of the frontage improvements is being funded by the developer of the adjacent property on the northeast corner of the intersection, who has deposited \$20,358 in the City's General Fund for this purpose.

### FINANCIAL

The City Council has approved \$50,000 in the Public Works budget from Major Street Construction funds for the project. It will be necessary to appropriate \$20,358 from the General Fund to cover the cost of the portion of the project to be funded by the developer. The Engineer's estimated construction cost for the total project is \$51,000.

### RECOMMENDATION

It is recommended that the City Council appropriate \$20,358 from the General Fund by adopting the attached resolution, approve the plans and specifications and authorize the City Clerk to advertise for bids to be received on August 20, 1985.

Respectfully submitted,
