Re: Item #3, Prohibiting the Use of City Facilities and City Property, Related to Immigration-Related Enforcement Activities

Hello Chair Maple and Committee Members Dickinson, Pluckebaum, and Jennings,

As you surely know following the January 27th, 2026 City Council meeting which saw record submissions of eComments, and more in-person commenters than could fit in City Hall chambers, **Sacramentans are overwhelmingly telling you a clear message: we demand more of you to keep our community safe from ICE.**

I am writing to you on behalf of the Asian American Liberation Network (AALN), a local 501(c)(3) non-profit organization, to share our comments regarding Item #3 on your agenda today. **We call for the following three changes to the proposal as written.**

1) Accountable and clear timelines: This item must be advanced and brought back to the full City Council for a vote to authorize implementation with the urgency that this moment, and our community, demands. We ask you to make *Motion 2* in the staff report with a clear deadline at the *0-30 days priority level* to **immediately begin work** on the proposal and bring it forward at the first possible opportunity.

2) Expand the definition of City Property: We call for this proposal to incorporate a **data sanctuary policy** as already implemented by cities like Los Angeles, to ensure that all resources managed by contractors for the city comply with the city's sanctuary policies. *Reference language from the City of Los Angeles included*.*

3) Close the joint task force loophole: Ensure that no city resources are shared with any federal agencies or operations engaged in immigration enforcement by **explicitly prohibiting** the Sacramento Police Department from participation in any joint task forces involving or led by an agency engaged in immigration enforcement.

AALN has been engaged in conversation with council offices, including the Mayor's Office, District 3, District 6, and District 8 since May of 2025, flagging the need for stronger sanctuary policies such as those suggested in this letter. **It is past time to transform our values as a sanctuary city into tangible safety for our communities.**

Please revise this proposal and take decisive action to ensure the City of Sacramento's full non-cooperation with federal immigration enforcement.

With care for all who call Sacramento home,

Moiz Mir

In furtherance of this restriction, as of the effective date of this ordinance, City personnel shall not provide City data or information that can be used to determine or trace a person's Citizenship or Immigration Status to any City contractor unless the **contractor first agrees in writing to prohibit the contractor's employees and subcontractors from providing that data or information to any Immigration Agent**, to the extent permitted by law.
