SUBJECT: Three Year Agreement with Sacramento City Unified School District to
Provide the "Expressions" Program at Luther Burbank High School

SUMMARY

This report provides information regarding a proposed three-year agreement with Sacramento City Unified School District to provide funding for the "Expressions" program at Luther Burbank High School. This report also recommends various actions related to the three year funding agreement including: (1) acceptance of \$211,218 (\$67,000 for the first year, \$70,350 second year, and \$73,868 third year) from Sacramento City Unified School District to provide an "Expressions" program at Luther Burbank High School; (2) authorization for the City Manager to execute an agreement with the Sacramento City Unified School District to provide the "Expressions" program; and (3) amendment of the FY 1990-91 budget of the Department of Parks and Community Services to appropriate funds to be received for providing "Expressions".

BACKGROUND INFORMATION

The Sacramento City Unified School District has been awarded a three year grant from the State of California, Department of Alcohol and Drug Programs to provide a Community Drug-Free School Zone Program (CDFSZ) at Luther Burbank High School (LBHS). Of the \$400,000 first year budget, \$67,000 has been allocated to contract with the City of Sacramento, Parks and Recreation Division, South, to provide an "Expressions" program at Luther Burbank High School.

"Expressions" is the popular, structured recreation program which was held at two school sites in the summer of 1990 in cooperation with the Sacramento Police Department. The program targeted school age youth ages 10-17 who were "at risk" for drug and gang involvement in their communities. "Expressions" provided a diverse schedule of recreational activities and human service programs that appealed to these youths. The program was designed to provide youth with

constructive alternative recreation activities as an alternative to gangs and drugs; positive adult role models for youth; opportunities to develop relationships with police officers in non-enforcement and non-threatening settings; and to refer youth to human services programs as needed.

"Expressions" at Luther Burbank High School will include activities for youth and the community on this high school campus during school hours, at noon, after school, evenings, and on weekends. The "high risk" student will be targeted for involvement in this program. The "high risk" population is identified in the grant in the following six categories: (1) Students who are chemically dependent; (2) Students whose alcohol or other drug use is causing them problems in their daily lives; (3) Students who are concerned about or affected by someone else's alcohol or drug use; (4) Recovering students who are returning to school from a treatment setting or are attending school and initiating the recovery process concurrently; (5) Non-using and non-abusing students who need help in avoiding alcohol and drug abuse or who need support in their decision to remain chemically free; and (6) Students with other non-alcohol or drug related problems such as separation and divorce, death and loss, suicide, sexuality issues, child abuse and neglect, etc.

Prevention of alcohol and drug abuse will be addressed to the younger student through programs held at the elementary and middle schools whose students will eventually attend Luther Burbank High School. Activities such as intramural sports leagues, "Expressions", Kids 'n Play, and Art's Kool will take place at these feeder schools.

Another component of the Luther Burbank based program will be training to prepare students for jobs with Parks and Recreation, South. Summer and school year jobs are available, and difficult to fill in this school's attendance area. Year-round swimming and lifeguard training programs will be offered and will greatly benefit the Department by providing trained summer staff while concurrently providing the participants with lifelong skills.

The City staff will continue to work closely with the other community based organizations serving the Luther Burbank High School community in order to share resources and ideas and to avoid duplication of services.

FINANCIAL DATA

An increase in appropriations in the amount of \$211,218 to the FY 1990-91 Parks and Recreation Division, South Region budget, is necessary for the cost to provide the "Expressions" program. Funding received from the Sacramento City Unified School District will offset the cost to provide the program. No city funds are requested.

POLICY CONSIDERATIONS

The "Expressions" program is consistent with the City Council's support of cooperative efforts between city departments and other agencies in providing recreation, leisure, and education programs for at-risk youth.

MBE/WBE EFFORTS

No impact.

RECOMMENDATION

It is recommended that the Budget and Finance Committee approve this report and refer it to the City Council for action. Further, it is recommended that the City Council approve by resolution:
