Description/Analysis

Issue: Shea Homes Limited Partnership proposes to construct and maintain a privately owned recreational building, swimming pool area, and park areas for their new 321 unit residential condominium development and is requesting parkland dedication/fee credits for these facilities as provided in SCC Chapter 16.64, the City's Quimby Ordinance. An agreement is required to grant the credits and provide for the construction and maintenance of the private facilities. Background information is included in Attachment 1, page 3.

Policy Considerations: City Code Section 16.64.100 states that the city may grant credits for privately owned and maintained open space and/or local

recreation facilities. Providing parks and recreation facilities is consistent with the City's strategic plan to enhance livability in Sacramento's neighborhoods by expanding park, recreation, and trail facilities throughout the City.

Committee/Commission Action: Not applicable.

Environmental Considerations: Not applicable. Shea Homes Limited Partnership will provide all necessary environmental reviews for the site.

Rationale for Recommendation: Title 16 of the Subdivision Ordinance, requires each developer of a residential subdivision to either dedicate land or pay a fee in-lieu of land dedication so that the City may maintain its goal of five acres of parkland per 1,000 residents. It is in the City's best interest to grant credits and or require the payment of in-lieu fees when parkland dedication is not appropriate. Staff has determined that to be the case in this instance.

Financial Considerations: Shea Homes Limited Partnership is required to pay \$2,330,460 of parkland dedication in-lieu fees. City Code Section 16.64.110 states that the City may grant private facility credits in an amount up to 20% of the total. This agreement gives a 10% credit equal to \$233,046 for recreational building, private swimming pool and open space park areas. The parkland dedication in-lieu fee balance to be paid by Shea Homes Limited Partnership to the City would be \$2,097,414.

Emerging Small Business Development (ESBD): Not applicable.
