City Council
Sacramento, California

FEB 22 1983

Honorable Members in Session:

OFFICE OF THE
CITY CLERK

SUBJECT: Repealing Resolution No. 82-739 and Approving an Updated Speed Limit Resolution

SUMMARY

Periodically, the City Council is requested to adopt an updated and revised resolution for setting speed limits on posted streets. South Land Park Drive, 14th Avenue, Gloria Drive, Fruitridge Road and Stockton Boulevard are recommended to be either posted with speed limits or have their posted speed limits revised.

BACKGROUND

Fruitridge Road between Power Inn Road and Florin-Perkins Road, is recommended to have its speed limit reduced from 50 MPH to 45 MPH. Recent speed survey data determines that 45 MPH is a reasonable speed for this street.

Fruitridge Road between Florin-Perkins Road and the east City Limits, is recommended to have a speed limit established at 50 MPH. Currently, this section of Fruitridge Road is prima facie 55 MPH.

Gloria Drive between 35th Avenue and 43rd Avenue is recommended to have a 30 MPH speed limit established. Currently, Gloria Drive south of 43rd Avenue to Foxhall Way is posted at 30 MPH, and this modification is a reasonable extension of the posted speed. It also corresponds with other streets with posted speeds in the area such as South Land Park Drive and 35th Avenue.

South Land Park Drive south of Florin Road is a 25 MPH residential street. It has inadvertently been listed as a 30 MPH street in Resolution No. 82-739.

Stockton Boulevard from the City Limits north of Massie Court to the City Limits at Highway-99 is recommended for posting at 45 MPH. This is a City/County boundary, and this recommendation concurs with the County's recommendation of establishing a 45 MPH limit.

14th Avenue between Sacramento Boulevard and Stockton Boulevard is another City/County boundary. Both agencies agree in recommending establishing of a 30 MPH speed limit.

14th Avenue between 73rd Street and Power Inn Road is recommended to have its speed limit increased from 35 MPH to 40 MPH. Fourteenth Avenue changes from a two-lane road west of 73rd Street to a four-lane road east of 73rd Street, and speed samples justify the higher posting in this area.

All streets recommended above have had engineering surveys, and recommendations have been made in accordance with the results of these surveys. This will allow the Police Department to use radar in the enforcement of these limits.

FINANCIAL DATA

None.

RECOMMENDATION

It is recommended that the City Council adopt the attached resolution.

Respectfully submitted,

L. M. Frink
Traffic Engineer

Recommendation Approved:

Walter J. Slipes
