AG 90-083

Honorable Members In Session:

SUBJECT: Pocket Road Assessment District No. 2 (PN:TF41) -
Authorization to Proceed with Consultant Services Agreement

SUMMARY

An assessment district has been proposed to construct remaining street improvements on Pocket Road between Interstate 5 and Riverside Boulevard. It is recommended that The Spink Corporation be retained for project design and preparation of assessment district documents.

BACKGROUND

A major portion of Pocket Road between Interstate 5 and Riverside Boulevard has been widened to four lanes. Improvements include curbs, gutters, sidewalks, street lights and a landscaped median. Most of the improvements have been constructed as part of development requirements for adjacent subdivisions. The remaining unimproved, narrow reaches of Pocket Road restrict traffic flow and need to be widened (see attached Exhibit A). Plans for widening of the existing Pocket Road bridge are complete and construction is currently underway. It is expected that construction of the subject project will occur in the Spring of 1991.

FINANCIAL DATA

The consultant services agreement with Spink Corporation is for an amount of \$79,710. The 1989/90 Street CIP Program includes \$135,000 in Major Street Funds for a portion of the City's over-width street contribution to the subject project.

City Council
Pocket Road A/D No. 3 (PN:TF41)
June 19, 1990
Page 2

POLICY CONSIDERATIONS

The use of City funds for providing project design and other necessary assessment district formation purposes is in accordance with existing City policy.

MBE/WBE EFFORTS

Spink Corporation is not an MBE/WBE firm. Spink Corporation provided consultant services on Pocket Road Assessment District No. 1. Preparation of preliminary design for Pocket Road Assessment District No. 2 was included in the previous engineering work. In order to provide continuity in the project, it is proposed that Spink provide consultant services for this phase of the project.

RECOMMENDATION

It is recommended that the City Council approve execution of the consultant services agreement with the Spink Corporation by adoption of the attached resolution.

Respectfully submitted,

for THOMAS M. FINLEY
Engineering Division Manager
