RULE XI: HOLDING OF MORE THAN ONE SALARIED POSITION.

No officer or employee holding a position with the City of Sacramento shall accept any employment, position or service out of service of the Sacramento Municipal Government in which he is required to perform any duties and for which he is to receive any compensation in any form, including salary, wage,

fee, commission, etc. except with the approval of the Civil Service Board as hereinafter provided. Part time employees shall not be subject to these rules.

Such persons who desire to accept other employment in addition to their regular municipal employment, must file a request with the Civil Service Board for such permission on a form provided by the Board. The request must first have the approval and affirmative recommendation of the department head having appointing power over an employee who is making the request. The request must contain a statement reporting the nature of the other employment or service which the employee desires to undertake and the duties thereof; the usual place of the employment or service; the approximate total number of hours of service required by the employee per week and the work schedule; the name of the person, firm or official for whom or under whom the service is to be performed and a statement by such person to the effect that he understands that the employee is regularly employed in the City service on a full time basis.

The Civil Service Board shall decide whether the performance of the duties of the other employment or service will impair the efficiency of such employee in his regular City employment or interfere in any way with the full and proper performance of the duties of his regular Civil Service position, or if the performance of the other service may be contrary to the best interest of the City service in any respect, or may lead to situations which would reflect discredit on the City service. On basis of such investigation, the Civil Service Board shall approve or deny such requests for other employment. The Board shall not approve any request which entails any duty whatsoever by the employee during his regular hours of employment with the City of Sacramento.

The acceptance of any such other employment or service except in accordance with this rule shall be deemed insubordination and subject to disciplinary procedure as provided in Section 178 and 179 of the City Charter.

For the purpose of this rule, the term "Employment" or "Service" when used in connection with employments or services elsewhere than in the Municipal Service, includes also positions as well as any service performed or to be performed by an employee in addition to that performed by him in his regular City position.

There being no further business, the Board adjourned to meet again at the Call of the Chair.
