Max. Span						
Bearing Partitions						
Non Bearing Part'ns						
Story Height						
Outside Walls						

Ceiling Joists _____ Span _____

Roof _____ Rafters _____

Water Heater _____ Chimney _____

Size of Building— Length _____ Width _____ Height _____

Estimated Cost, \$ 100

Plans must be submitted _____

Permit	<u>3706</u>
Date	<u>3/1/23</u>
District	<u>12</u>

It is hereby agreed that this building will be constructed in conformity with the Ordinances of the City of Sacramento and the Laws of the State of California.

 Owner or Owner's Representative.

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes that proper record-keeping is essential for ensuring transparency and accountability in financial reporting.

2. The second part of the document outlines the various methods and techniques used to collect and analyze data. It highlights the need for consistent and reliable data collection processes to ensure the validity of the results.

3. The third part of the document describes the different types of data that are collected and analyzed. It includes information on both quantitative and qualitative data, as well as the various sources and methods used to obtain this information.

4. The fourth part of the document discusses the various statistical methods and techniques used to analyze the data. It covers topics such as descriptive statistics, inferential statistics, and regression analysis, among others.

5. The fifth part of the document discusses the various ways in which the results of the analysis can be presented and communicated. It includes information on the use of tables, graphs, and charts, as well as the importance of clear and concise communication.

6. The sixth part of the document discusses the various ways in which the results of the analysis can be used to inform decision-making. It includes information on the use of the results to identify trends, patterns, and areas for improvement, as well as the importance of using the results to inform policy and practice.

7. The seventh part of the document discusses the various ways in which the results of the analysis can be used to inform research and scholarship. It includes information on the use of the results to inform the development of new theories and models, as well as the importance of using the results to inform the design of future research.

8. The eighth part of the document discusses the various ways in which the results of the analysis can be used to inform public policy and practice. It includes information on the use of the results to inform the development of new policies and programs, as well as the importance of using the results to inform the design of public services and programs.

9. The ninth part of the document discusses the various ways in which the results of the analysis can be used to inform the development of new technologies and products. It includes information on the use of the results to inform the design of new products and services, as well as the importance of using the results to inform the development of new technologies and processes.

10. The tenth part of the document discusses the various ways in which the results of the analysis can be used to inform the development of new educational programs and practices. It includes information on the use of the results to inform the design of new courses and programs, as well as the importance of using the results to inform the development of new teaching and learning practices.
