J. F. VAROZZA
CITY ENGINEER

M. H. JOHNSON
ASSISTANT CITY ENGINEER

May 6, 1983

City Council
Sacramento, California

Honorable Members in Session:

SUBJECT: Approval of Plans and Specifications for Landscape Development of
Riverside Boulevard Median from Pocket Road to Florin Road.

SUMMARY

The City Engineer has prepared Plans and Specifications for the subject project. Copy of said Plans and Specifications has been forwarded to the City Clerk and approval is recommended.

BACKGROUND

Attached is a report to the Budget and Finance Committee recommending approval of the Landscape Development of Riverside Boulevard Median from Pocket Road to Florin Road. The Budget and Finance Committee approved the recommendation at their meeting on April 26, 1983.

FINANCIAL

The estimated construction cost for the Landscape Development of Riverside Boulevard Median is \$84,435.00. In FY 1982-83 the City Council approved \$25,000.00 in the Engineering Budget from Major Street Construction funds, of which \$22,806.94 is currently available for the subject project. It is proposed that the needed additional funds be transferred from the unexpended appropriation for the Florin Road Median Landscaping project, which has been completed; however, no recommendation of funding will be made until after bids are received.

RECOMMENDATION

The City Engineer recommends that the Plans and Specifications be approved and that bids be received on May 24, 1983.

Respectfully submitted,

J. F. Varozza
J. F. VAROZZA,
City Engineer

APPROVED
BY THE CITY COUNCIL

MAY 11
OFFICE OF THE
CITY CLERK

Recommendation Approved,

Walter J. Slipes, Jr.
Walter J. Slipes, City Manager
