Honorable Members in Session:

SUBJECT: Resolution Authorizing Execution of Agreement Between the County of Sacramento and the City of Sacramento for contract administration of the West Silver Eagle Road Realignment project at the Natomas East Main Drainage Canal.

SUMMARY:

Presented herewith for approval is an agreement between the County of Sacramento and the City of Sacramento for the County to advertise, award and administer the subject contract in conformance with City, Federal and State requirements.

BACKGROUND INFORMATION:

The City is receiving 80% Federal Bridge Replacement funding for this project which will replace a badly deteriorating wood structure that has recently been posted for a 13 ton single vehicle loading. The City has requested the County to administer the subject contract since they are thoroughly familiar with the many State and Federal requirements and the City presently does not have adequate staff to administer the work in compliance with existing regulations.

FINANCIAL DATA:

There is currently \$1,082,250.00 budgeted from Gas Tax and Major Street Funds for the subject contract with an unencumbered balance of approximately \$833,000.00 as of December 12, 1983. These funds appear to be sufficient for the City's portion of the project.
