City Council
Sacramento, California

Honorable Members in Session:

SUBJECT: H Street Bridge Repair (PN:RB71) - Contract Completion

SUMMARY

The H Street Bridge Repair was completed by Zenith Construction of Sacramento on November 24, 1986 at a final cost of \$137,567. It is requested that the contract acceptance actions be approved.

BACKGROUND

This project provided for emergency safety repairs to the wood trestle portion of the H Street Bridge over the American River. Change Order 1 for \$4,034 adjusted the contract price after clarifying the plan detail showing the necessary supports for the bridge. Change Order 2 crediting \$1,370 back to the City was a final balancing change order which adjusted the estimated bid quantities to match those quantities actually used in construction.

FINANCIAL

The funds currently budgeted to this project are sufficient to cover the final contract cost.

RECOMMENDATION

It is recommended the City Council:

1. Accept the H Street Bridge Repair contract as complete.
2. Authorize filing of the Notice of Completion.
3. Authorize final payment.

Respectfully submitted,

THOMAS M. FINLEY
Engineering Division Manager
