Honorable Members in Session:

SUBJECT: AUTHORIZE A NEW CAPITAL IMPROVEMENT PROJECT TITLED LAKE FRONT DRIVE  
BRIDGE, APPROPRIATE AND TRANSFER FUNDS AND EXECUTE REIMBURSEMENT  
AGREEMENT

**SUMMARY**

This report recommends that the 1987/88 Capital Improvement Program be amended by adding the Lake Front Drive Bridge project, appropriating and transferring the total of \$134,695.00 and authorizing the execution of a reimbursement agreement between the City and L&P Pacific/Teichert for the construction of the Lake Front Drive Bridge.

**BACKGROUND**

The Pocket Bridge Fee District was approved by the City Council on August 23, 1977 by means of Resolution 77517. The resolution requires the City to pay 25% of the project costs for bridges constructed in the Pocket Area from the major street funds. The remaining 75% is to be funded with Pocket Bridge funds which are collected at the time final subdivision maps are approved or building permits are issued. This project is eligible for City and Pocket Bridge fund participation. Construction of the bridge was completed as part of the adjoining subdivision work in the area.

**FINANCIAL**

The City's total obligation to this project is \$189,710, of which \$134,695 or 71% will be paid upon execution of the agreement. An amount of \$47,500 will be paid from the Overwidth Pavement Reimbursement program (TD56) funded from major street funds which has a current balance of \$198,218.25. Because of prior commitments made upon Pocket Bridge funds, only \$87,195 will be paid from it at this time. This fund has a current balance of \$183,000. The remaining portion of the City's obligation will be paid as additional funds became available.

Budget and Finance Committee.

**RECOMMENDATION**

It is recommended that the Budget and Finance Committee forward to the full City Council, the attached Resolution with the recommendation for approval.

Respectfully submitted,

Melvin H. Johnson  
Director of Public Works
