SUBJECT: Replacement of the East Approach to the American River Bridge
at H Street (PN:TD66) - Project Approval and Bid Advertisement

SUMMARY

Plans and specifications for this project have been prepared. Approval of the plans and specifications and authorization to advertise for bids is recommended.

BACKGROUND

This project will replace the existing deteriorated timber stringer spans and concrete slab widenings on both sides of the American River Bridge at H Street east of the three Pratt truss spans with precast, prestressed and cast-in-place concrete superstructure construction on bents constructed of precast concrete piling with reinforced concrete cap. In addition, the approach and truss lighting will be upgraded as well as the railings and the existing waterline will be temporarily relocated

A Categorical Exclusion for this project was filed with the County Clerk of the County of Sacramento on November 22, 1989. The engineer's estimated construction cost is \$2,533,000.

FINANCIAL DATA

Additional funds may be needed for this project. The estimated total project cost, including all planning, design and construction costs, is \$3,255,000. The current budget is \$3,184,338, which was approved in the Capital Improvement Program with \$400,000 in Gas Tax funds (202), \$300,000 in Major Street Construction funds (209), and \$2,484,338 in Capital Grants-Federal funds (248). The funds currently available for this project amount to approximately \$2,636,000, as of February 4, 1991. If additional funds are needed for the project, the final budgetary recommendation will be made following receipt of bids.

City Council
Replacement of the East Approach to the American River Bridges at H
Street (PN:TD66) - Project Approval and Advertisement for Bids
February 19, 1991

A non-refundable fee of \$45.00 will be charged for each set of plans and specifications to cover reproduction costs.

POLICY CONSIDERATIONS

This action is consistent with Chapter 58, Article III, Section 58.301 of the City Code concerning advertisement for bids.

MBE/WBE EFFORTS

Plans and specifications will be sent to nineteen (19) plan rooms and construction services organizations for publication and use by the construction industry of Northern California. There are four (4) organizations on the distribution list that are directly involved with the MBE/WBE contractors.

RECOMMENDATION

It is recommended that the City Council approve the plans and specifications for this project and authorize the City Clerk to advertise for bids to be received on April 2, 1991.

Respectfully submitted,

THOMAS M. FINLEY
Engineering Division Manager

Recommendation Approved:

WALTER J. SMIFE
City Manager

Approved:

MELVIN H. JOHNSON
Director of Public Works
