Honorable Members in Session

SUBJECT: Amendment to Consultant Contract with Mundie & Associates

SUMMARY

This report recommends that the City Council and Redevelopment Agency approve an amendment of the Contract for Consultant Services with Mundie & Associates for the preparation of the Central City Housing Strategy. Specifically, the amendment would increase the Contract amount by \$20,380 to \$170,380 to pay for additional services and to extend the contract completion time to September 30, 1991. Also, it is recommended that the existing Individual Participation Agreement, which calls for the City and SHRA to share, equally, the cost of the consultant and the environmental review, be amended to reflect the contract amendment. (See Amendment # 1 attached as Exhibit "A").

BACKGROUND

In October 1990 the City Council approved a Contract with Mundie & Associates to prepare the Central City Housing Strategy. The original Scope of Services called for a housing conditions survey, two public workshops, and expiration of the Contract by July 9, 1991.

Staff proposes that the Contract be amended in order to secure an expanded housing conditions survey data base. The original Contract envisioned a limited housing survey of existing Central City housing stock. Mundie & Associates retained Rural California Housing Corporation to perform this task. However, during the course of the work, staff and consultant determined that a more comprehensive housing conditions survey is required to accurately assess amount of rehabilitation that is needed for the existing 19,000 Central City housing units.

The City Planning & Development Department and SHRA can utilize the data from the housing survey for future planning and revitalization efforts. Significant cost savings can be realized for future planning/revitalization studies if the data from the subject survey can be provided at the present time. Thus, staff recommends that the Mundie contract be augmented to enable Rural California Housing Corporation to be paid an additional \$8,000 to provide the more comprehensive housing conditions survey in the desired data base form.

In addition, pursuant to the original contract, Mundie & Associates with assistance from their subconsultant, Freedman, Tung and Bottomley, conducted two successful public workshops. Over two hundred people representing various Central City constituencies attended these workshops and provided valuable input to the preparation of the Central City Housing Strategy. Due to the interests in the study, its scope and magnitude, staff recommends that Mundie and their subconsultant present two additional workshops: one for a joint session of the City Planning Commission and Housing and Redevelopment Agency, and one for the City Council. The additional cost for these workshops would be \$12,380. The joint workshop will enable both Commissions to hear and comment on the report, prior to convening separate public review sessions and making recommendations to the Council. This joint workshop will enable cost savings that otherwise might not have occurred.

Finally, the scheduling of additional workshops and public hearings related to the approval process requires that the Mundie Contract be extended from July 9, 1991 to September 31, 1991. This will allow the Consultants representation at the Joint Commission and public hearings.

FINANCIAL DATA

The funding for this Contract Amendment, (\$20,380) is included in the total \$200,000 originally allocated by the City Council for the preparation of the Central City Housing Strategy and associated environmental documents. This cost was apportioned 50/50 between SHRA and City Planning & Development Department. The original Mundie & Associates Contract total amount was \$150,000, with an additional \$50,000 of budget authority set-aside for possible costs of environmental documentation. Because the Housing Strategy will be an advisory, policy report, and not an implementation report, the original cost estimate for the environmental assessment can be lowered between \$20,000 to \$30,000.

As agreed by a separate Individual Participation Agreement (IPA), (see attached Exhibit "B"), the City and Agency will share the cost (50/50) of the additional Contract amount. The Agency will retain Contract management responsibilities.

ENVIRONMENTAL

CEQA: Not a project per CEQA Section 15378 (b)(3)
NEPA: Not applicable - no federal funding involved.

MBE/WBE REQUIREMENTS

The consultant will be required to adhere to the City and Agency minority business enterprise and women's business enterprise (MBE/WBE) requirements in subcontracting activity. It should be noted that Mundie & Associates is a one-hundred percent woman-owned enterprise.

POLICY IMPLICATIONS

The proposed Contract amendment will not, by itself, result in any new policies for the City nor the Agency. Of course, the consultant study will probably result in several new policy initiatives. Among them will likely be recommendations on housing and commercial development, land use, density, and a variety of housing development funding issues.

VOTE AND RECOMMENDATION OF COMMISSION

RECOMMENDATIONS

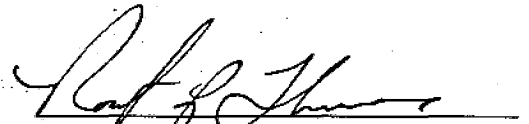

The staff recommends approval of the attached resolutions which:

1. Authorize the Executive Director of the Agency to amend the contract with Mundie & Associates to expand the scope of services and increase the contract amount from a total of \$ 150,000 to a \$170,380;
2. Authorize the Executive Director and the City Manager (or designee) to amend the Individual Participation Agreement to reflect the contract amendment; and
3. Reallocate the Agency share of the total \$100,000 of 1990 Tax Allocation Bond funds for the Central City Housing Strategy and related environmental documentation to \$85,190 for the Mundie contract and \$14, 810 for future environmental review expenses.
