Honorable Members in Session:

SUBJECT: Rio Linda Boulevard Bridge at Linda Creek (PN:TC26) -
Amendment #2 to Consultant Services Agreement No. 86153

SUMMARY

An amendment to the Consultant Services Agreement between Greiner Incorporated and the City of Sacramento to provide design services for replacement of the Rio Linda Boulevard Bridge at Linda Creek is necessary. Authorization to execute the amendment is recommended.

BACKGROUND

The City entered into Consultant Services Agreement No. 86153 with Greiner Inc., West Coast, on March 3, 1987 to provide bridge design services for the Rio Linda Bridge. Addendum No. 1 was subsequently negotiated to provide additional services required as a result of changes in flood elevations determined by the U.S. Army Corps of Engineers.

The project is now under construction and Amendment #2 to the agreement is necessary for the review and processing of structural shop drawings and other required services during the construction phase of this project.

FINANCIAL DATA

The current agreement, including Amendment #1, is in the amount of \$56,771. The subject Amendment #2 is for an amount not to exceed \$10,000, resulting in a total agreement cost of \$66,771. This project is currently budgeted in an amount of \$1,020,000, of which \$50,000 is from Gas Tax Funds (202), \$320,000 is from Major Street Construction Funds (209), and \$650,000 is from Capital

Grants Funds (248). As of July 18, 1990, there remains a total of \$198,484 available for the project.

POLICY CONSIDERATIONS

Processing of amendments to existing Consulting Services Agreements is in accordance with existing City policy.

MBE/WBE EFFORTS

Does not apply as this is an amendment to an existing contract. Greiner is not an MBE/WBE firm.

RECOMMENDATION

It is recommended that the City Council approve Amendment #2 to Consultant Services Agreement No. 86153 by the adoption of the attached resolution.

Respectfully Submitted,

THOMAS M. FINLEY
Engineering Division Manager
