SUMMARY:

Bids were received from four (4) contractors and opened by the City Clerk on August 25, 2004. Florez Paving was the lowest responsive bidder with a bid of \$239,432. Florez Paving exceeds the Emerging and Small Business Enterprise (ESBE) goal established for the construction contract. Relocate 42" Main Sandburg/Carrington Project (PN:WM81)

COMMITTEE/COMMISSION ACTION : None

BACKGROUND:

The purpose of this project is to relocate a drainage main onto Sandburg Drive. The existing main crosses six different residential properties and shall be abandoned.

The four (4) bids received are as follows:

Florez Paving	\$239,432
North Star Construction	\$251,350
Navajo Pipelines Inc.	\$251,600
McGuire and Hester	\$331,680

The engineer's estimated construction cost was \$220,000.

FINANCIAL CONSIDERATIONS:

The total estimated project cost including design, construction, inspection and contingency is \$286,000 based on the bid of \$239,432. The budget for this project (WM81) is sufficient for award and project completion.

ENVIRONMENTAL DETERMINATION:

The Planning Services Division, Environmental Section, has reviewed the proposed project and has determined that this project is categorical exempt from CEQA under Section 15301(c), 15302 (c) and 15304 (e) of the CEQA Guidelines.

POLICY CONSIDERATIONS:

This action is in conformance with City Code Section 3.60, Articles I, which provides that the City Council may award competitively bid contracts to the lowest responsible bidder.

This report's recommendation is consistent with City's Strategic Plan Goals of enhancing and preserving City neighborhoods and supporting the economic vitality of the area.
