MANAGER

Honorable Members In Session:

SUBJECT: Arcade Creek Bank Restoration (PN:WB26) - Contract Award

SUMMARY

This project has been advertised for bids. Bids have been received and contract award is recommended.

BACKGROUND

The severe storms experienced during the winter of 1985/86 caused extremely high flows and levels of water in Arcade Creek. As a result, damage to the existing bank protection material has occurred adjacent to bridge structures located at Roseville Road, Del Paso Boulevard and the Light Rail facility near Hudson Way. This project will provide for restoration of the bank protection at the damaged locations.

On April 14, 1987 the City Council approved the plans and specifications for this project. Bids were received and opened by the City Clerk on May 5, 1987. The bids received were:

<u>BIDDER</u>	<u>AMOUNT OF BID</u>
Thorcon, Inc.	\$35,228.00
Trinco, Inc.	\$44,655.00

The engineer's estimated construction cost was \$42,000. The estimated project completion date is July 24, 1987.

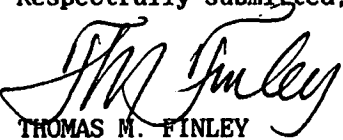

FINANCIAL

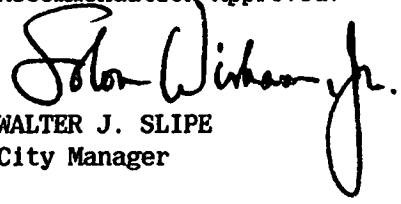

Sufficient funds are available for this project. The estimated total project cost, including all planning, design and construction costs, is \$46,500. The current budget is \$56,000, which was approved in the Capital Improvement Program with \$15,000 from Capital Grant Funds and \$41,000 from Drainage Contingency Funds.

RECOMMENDATION

It is recommended that the City Council accept the low bid of Thorcon, Inc. in the amount of \$35,228.00 and award the contract.

Respectfully submitted,  
  
THOMAS M. FINLEY  
Engineering Division Manager
